Hannah's Storyboard

Hannah wakes up in the morning and is feeling tired

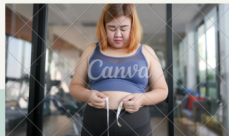

She decides to weigh herself, and her weight is above what she wants

She gets upset by the scale and loses motivation to lose the weight

Hannah downloads our app and checks her phone, the app gives her positive messages and encourages her to continue

The app makes Hannah motivated to work out again and this time she feels like she won't quit with the help of our app

Overtime she starts making progress and improves her physical and mental health,
